

## Company Profile

Topscom is a leading OEM specialist in the telecommunications industry. Our comprehensive range of telecommunication products is backed up by state-of-the-art manufacturing processes engineered to meet your stringent quality, cost and quantity requirements. Our carefully selected list of manufacturers are audited annually by *SGS International Certification Services* to ensure that the stringent standards required for ISO9002 Quality System are maintained. Combining Topscom's product portfolio, technology and specialty knowledge, we are able to offer a wide range of innovative products and services to our customers.

Our telecommunications product portfolio includes:

- ❖ Fiber optic cables for indoor and outdoor applications
- ❖ Fiber optic patchcords fitted with a range of connectors, including ST, SC, FC, LC, MTRJ, FDDI.
- ❖ Fiber optic accessories, including connectors, attenuators, adapters, ferrule cleaners (HUXCleaner™)

At Topscom, we are committed to provide cost-effective and reliable products to help our customers enhance their competitive positions and financial performance.
